Detailed Action

Response to Amendment

Claims 1-5, 7-10, 12-15, 17-20, and 22-23 are pending. This action is in response to the amendment received January 19, 2006.

Response to Arguments

The rejection of claims 1-5, 7-10, 12-15, 17-20, and 22-23 under 35 U.S.C. 102(e) as being anticipated by Abdelnur et al. (US 2002/0152152) is maintained.

Applicant's arguments filed January 19, 2006 have been fully considered but they are not persuasive.

In response to the arguments concerning the previously rejected claims the following comments are made:

Applicant alleges that the prior art made of record fails to teach if the order cannot be automatically executed, said routing means sends the order to a trader for manual execution. Thus, the examiner disagrees with applicant's representative since Abdelnur teaches if the order cannot be automatically executed, said routing means sends the order to a trader for manual execution (para. 0021-0022). In other words, Abdelnur discloses manual execution by a trader by disclosing appropriate user interface depending on different units in relation to further and necessary negotiations between the parties. He discloses the notification unit may be used by a market maker to notify market participants of order matches which may require further negotiation between the parties. Thus, appropriate user interfaces and functionality can be provided to provide

Art Unit: 3624

these services in the negotiation unit, ticketing unit, reporting unit, and settlement, financial and logistic units.

With regards to the claims rejected as taught by Abdelnur, the examiner would like to point out that the reference teaches the claimed limitations and thus provides adequate support for the claimed limitations. Therefore, the examiner maintains that Abdelnur taught the claimed limitations.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
